O R D E R

On November 10, 1994, Southside Water Association ("Southside") filed its application with the Kentucky Public Service Commission ("Commission") seeking approval to increase its annual revenues by 11 percent by adding an annual membership fee of \$25 to its tariffed rates. The proposed rates would generate additional annual revenues of \$12,150.

On December 13, 1994, Commission Staff conducted a field review of Southside's test-period financial records. Based upon this review, Commission Staff issued a report on February 9, 1995, recommending that Southside be allowed to increase its minimum bill in the current rate structure in order to recover the requested amount of \$12,150 and that Southside's annual membership fee be denied.

By Order dated February 9, 1995, the Commission advised all parties that comments on the Staff Report or requests for a public hearing or informal conference must be submitted no later than February 24, 1995, or this case would stand submitted to the Commission for a decision. No comments or requests for a hearing or informal conference have been filed.

The Commission, after consideration of the evidence of record and being sufficiently advised, finds that:

1. The recommendations and findings contained in the Staff Report are supported by the evidence of record, are reasonable, and are hereby adopted as the findings of the Commission in this proceeding and are incorporated by reference as if fully set out herein.

2. The rates in Appendix A, which is attached hereto and incorporated herein, are the fair, just, and reasonable rates for Southside and will produce gross annual water revenues from rates of \$151,033. These rates will allow Southside sufficient revenues to meet its operating expenses.

IT IS THEREFORE ORDERED that:

1. The annual membership fee proposed by Southside is hereby denied.

2. The rates contained in Appendix A are approved for service rendered by Southside on and after the date of this Order.

3. Within 30 days of the date of this Order, Southside shall file with the Commission its revised tariff setting out the rates approved herein in conformance with 807 KAR 5:011.
